This is a letter of appeal regarding SLC notification as referenced above.

We accept responsibility for not signing the Form 471 application as required when originally submitting it. It was an honest oversight, which we corrected by re-submitting the form properly signed.

I am asking that you reconsider the denial of our appeal. We are a small, poor school with very needy children and limited resources. We rely on all of the assistance we can receive to provide our children with a quality academic education. In the spirit of the E-RATE program and the purpose it is intended to serve, that is, to assure every possible educational advantage for all of America's children, I ask that you reinstate our eligibility for E-RATE funding.

Our error did not represent any misuse of funds or any illegal or in appropriate practices, only the omission of a signature. I sincerely hope you will reverse the denial of our appeal in this matter.

Sincerely,
Sister Leonette Kochan
